ANZ EASYTRANSACT

Important information

This guide is published by OnePath Custodians Pty Limited ABN 12 008 508 496, AFS Licence No. 238346, which is part of the Insignia Financial group of companies, comprising Insignia Financial Ltd (ABN 49 100 103 722) and its related bodies corporate (Insignia Financial Group). OnePath Custodians Pty Limited is the Trustee of the Retirement Portfolio Service (Fund) ABN 61 808 189 263.

ANZ EasyTransact (the Site) is provided by SuperChoice Services Pty Limited (ACN 109 509 739) (SuperChoice) which is not part of the Insignia Financial Group. The Site is accessed to make superannuation contributions, which are then disbursed by a clearing house facility. The clearing house facility is provided by SuperChoice's affiliate, PayClear Services Pty Ltd (ACN 124 852 320) AFSL 314357 (PayClear). Neither OnePath Custodians Pty Limited nor any other members of the Insignia Financial Group will be liable in relation to any loss or damage users may suffer in connection with the use of ANZ EasyTransact or any act or omission by SuperChoice or PayClear.

Introduction to Reporting

Overview

Introduction

This guide will take you step-by-step through ANZ EasyTransact user driven reporting system. We know flexibility's important, so that's why there are no standard reports. Instead, ANZ EasyTransact allows you to create customised reports for the information you want, as well as filter and sort on various data points, when you need them, and, it's simple to use.

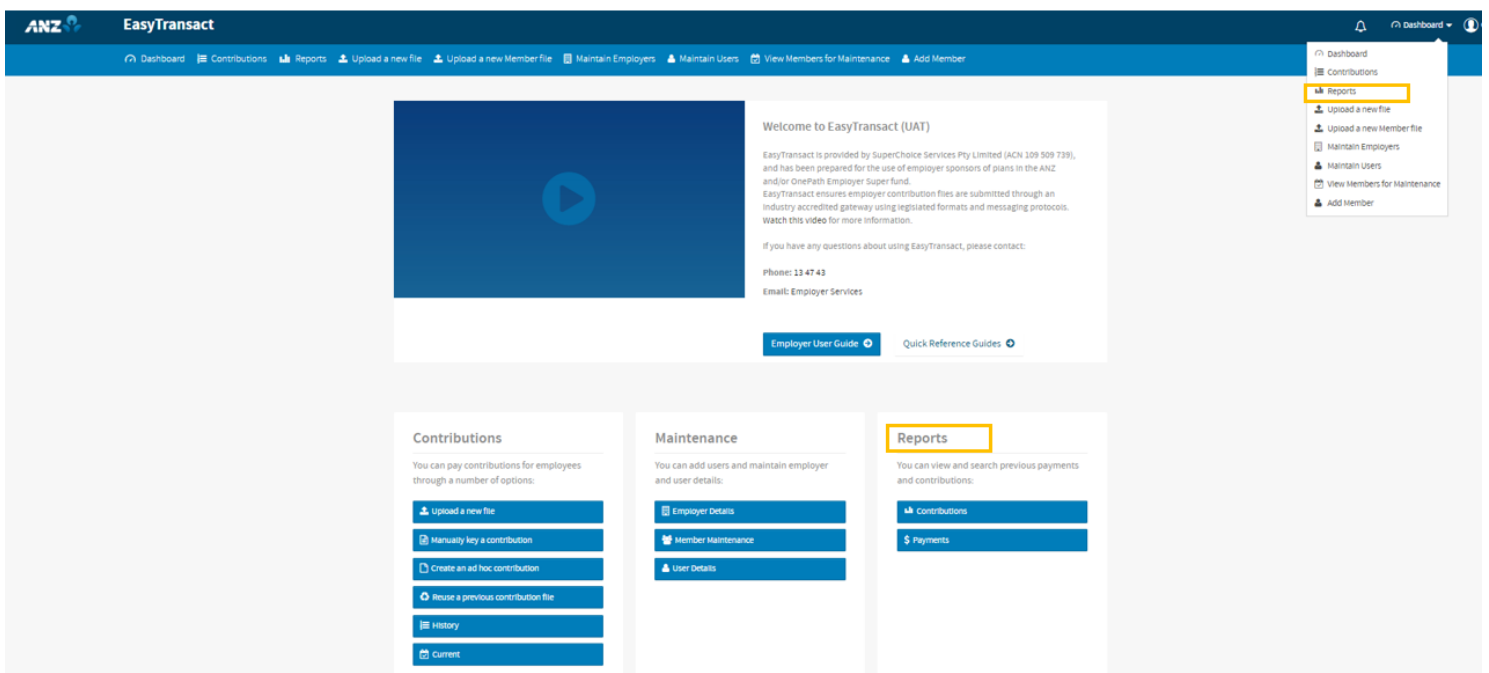

Accessing the reporting functionality from either the drop-down box or the specific **Reports** section on the portal as we've pictured below, ANZ EasyTransact lets you save searches to use them again at any time, while the information you want can be selected from a range of criteria or 'filters' with a single click. You can also download a search result in several formats once you've completed a search or clicked on a saved filter.

Accessing reports

The **Reports** function lets you produce reports on super contributions paid by your business or organisation. ANZ EasyTransact can search and sort on many data points. You can also save searches to make it easy to use them again.

There are three ways to access reports in ANZ EasyTransact:

- title banner dashboard drop-down
- quicklinks toolbar
- reports menu.

Downloading member data

The **Member Maintenance** function lets you download member data. You have the option to report on all member, employment, employer and fund data elements captured in ANZ EasyTransact or you can select/deselect data fields to refine the data in the CSV file.

There are two ways to access the **Member Maintenance** function in ANZ EasyTransact:

- title banner dashboard drop-down
- quicklinks toolbar.

The screenshot displays the ANZ EasyTransact dashboard. At the top, a navigation bar includes the ANZ logo, the text 'EasyTransact', and a list of menu items: Dashboard, Contributions, Reports, Upload a new file, Upload a new Member file, Maintain Employers, Maintain Users, View Members for Maintenance, and Add Member. A dropdown menu is open on the right side, listing the same items, with 'View Members for Maintenance' highlighted in yellow. Below the navigation bar, a large blue banner features a play button icon and a 'Welcome to EasyTransact (UAT)' message. The main content area is divided into three columns: 'Contributions', 'Maintenance', and 'Reports'. The 'Maintenance' column contains three buttons: 'Employer Details', 'Member Maintenance' (highlighted with a yellow border), and 'User Details'. The 'Contributions' column has five buttons: 'Upload a new file', 'Manually key a contribution', 'Create an ad hoc contribution', 'Reuse a previous contribution file', 'History', and 'Current'. The 'Reports' column has two buttons: 'Contributions' and 'Payments'.

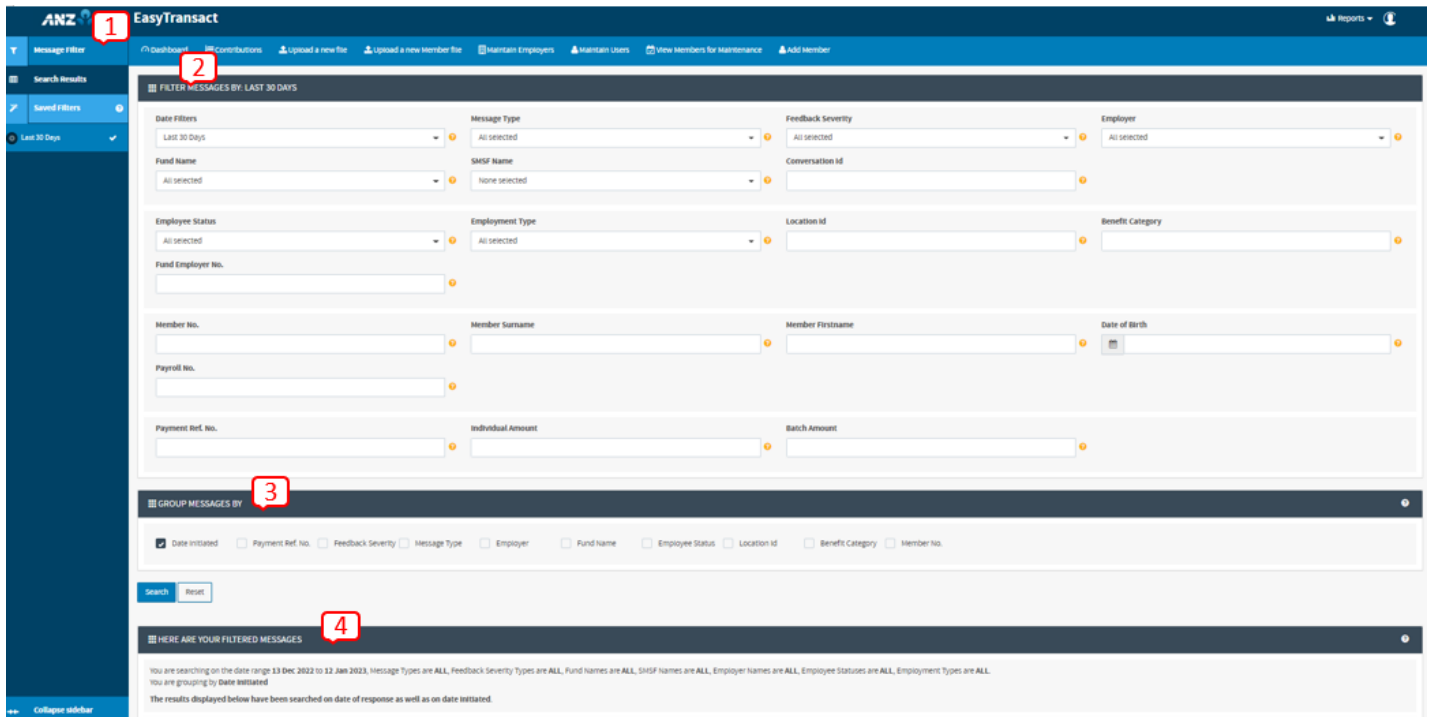

Further help

If you are unable to find the answer you need in this guide, please contact your Employer Services Consultant.

Creating contribution reports

Report screen

This is the reports screen, where you can create, save and view reports for your submitted super contributions:

Screen parts

There are four parts to the screen, highlighted in the image above:

1. sidebar menu
2. filters
3. grouping options
4. results.

Side menu

The sidebar menu is where you can set and select:

- pre-defined, and
- saved filters.

Tip: Over time you may have several of these ready to produce a report whenever you need it.

Filters

You can select the information you want in your report by using the available filters - we've pictured the filter screen below.

These include a mix of pre-defined filter options accessed from drop-down menus such as Message Type, or Fund Name, as well as some more flexible fields that you can type your search criteria in, such as Benefit Category and Member No.

Tip: Downloads will contain all data relating to the search criteria, not just the fields you have chosen.

The top **Filter Messages By** section of the reporting page allows you to filter data you've submitted in several ways. You can select as many filters as you need.

The bottom section of the page allows you to choose how to group the search results.

Select the filters you require for the information you would like the search to produce.

Example:

To see all contributions you sent to ANZ Smart Choice in the current financial year, select **Current Financial Year** from the **Date Filters** drop-down, select **ANZ Smart Choice Super** from the **Fund Name** field and then click **Search**.

Understanding the filters

This table explains how the filters work.

Filter	Allows you to control
Date	<p>the date range that the report data will return, may be:</p> <ul style="list-style-type: none"> Last Day Last 7 days Last 30 Days (Default) Current Financial Year Last Financial Year Custom Date Range - you pick your preferred start and finish dates
Message type	<p>whether the report shows message data for:</p> <ul style="list-style-type: none"> contribution member, or both
Feedback Severity	<p>the type of report data depending on the feedback severity received from the recipient fund:</p> <ul style="list-style-type: none"> No Feedback Error Warning Info
Employer	selection of

Filter	Allows you to control
	<ul style="list-style-type: none"> • single • multiple, or • all <p>Note: A sole trader only has access to a single employer entity, pre-set to your employer.</p>
Fund Name	which APRA funds are displayed in the report output?
SMSF Name	which Self-Managed Super funds are displayed in the report output.
Conversation Id	selection of the conversation ID of the message you want to view. Note: This functions as a filter value in that it ignores all other filter parameters.
Employee Status	which employee statuses are displayed in the report: <ul style="list-style-type: none"> • Current • Started • Terminated
Employment Type	employment statuses are displayed in the report: <ul style="list-style-type: none"> • Casual • Contractor • Full Time • Part Time
Location Id	which employer locations are displayed in the report output. This is useful where the location ID is used as a payroll centre/department designation.
Benefit Category	which benefit categories are displayed in the report.
Fund Employer No	employer/fund combination by Fund Employer Name (FEN) is displayed in the report.
Member No	the member number that is displayed in the report. Note: Use a partial member number and the system will display all partial matches.
Member Surname	the display of a specific surname in the report.
Member Firstname	the display of a specific first name in the report.
Date of Birth	the display of a specific date of birth in the report.
Payroll No	the display of a specific Payroll number in the report.
Payment Ref No	the display of records. This functions as a filter value in that it ignores all other filter parameters.
Individual Amount	the search for a specific amount in the following contribution types: <ul style="list-style-type: none"> • Super Guarantee • Personal Contribution • Salary Sacrifice • Productivity Award
Batch Amount	the search for a total batch amount, inclusive of both choice and default contributions.

Grouping options

There are many grouping options that you can use to format the search result data on the screen. For example, you can group the information in your report by the date each transaction was initiated or by the Member No.

After you've chosen your grouping options and the result is displayed on screen, any downloads will contain all data relating to the search criteria, not just the fields and groupings you have chosen.

Each grouping will be applied in order left to right as displayed on the reporting screen.

Grouping information

In the **Group Messages By** section select the grouping options to format the result you will see.

Understanding the grouping options

This table explains how the groups work.

Group	Will group any transactions matching your chosen search criteria by
Date Initiated	the date they were initiated.
Payment Ref. No.	Payment Reference Numbers in ascending order.
Feedback Sensitivity	the level of feedback provided for the transaction in the following order: <ul style="list-style-type: none"> • Error • Information • No Feedback • Warning
Message Type	the message type in the following order: <ul style="list-style-type: none"> • Contributions • Members
Employer	the employer name in ascending order.
Fund Name	the fund name in ascending order.
Employee Status	Employee Status in the following order: <ul style="list-style-type: none"> • Current • Terminated
Location Id	Location Id.
Benefit Category	Benefit Category in ascending order.
Member No.	Member numbers in ascending order.

Running reports

1. Select the filters and groups you require for the information you would like the search to produce.
2. Click **Search** to apply the selections and run the report query.

Example: To see all contributions you sent in the current financial year to a particular fund, select:

- **Current Financial Year** from the drop-down list in **Date Filters**, and then
- the fund name from the **Fund Name** field, and
- **Search**.

Results

Once you've applied your filters and groups, the results will display under **Filtered Messages**, in the lower part of the screen.

HERE ARE YOUR FILTERED MESSAGES

You are searching on the date range 01 Jul 2021 to 30 Jun 2022. Message Types are ALL, Feedback Severity Types are ALL, Fund Names are ALL, SMSF Names are ALL, Employer Names are ALL, Employee Statuses are ALL, Employment Types are ALL.
You are grouping by Date Initiated
The results displayed below have been searched on date of response as well as on date initiated.

Showing 1 to 2 of 2 entries

Date Initiated	No. of Member Events	No. of Contributions	Super Guarantee \$	Personal Contribution \$	Salary Sacrifice \$	Other Amounts Total \$	Total Contribution \$	No. of Refunds	Refund Amount \$
12 Jan 2022	13	5 13	3,691.09				3,771.09 0		
08 Apr 2022	1		100.00				100.00 0		

First Previous 1 Next Last

You have the following options:

- Use the Search box to locate a specific result.
- Display the line by line details of your filtered results.
- Set a report as a default.
- Download reports.

Searching the results

You can search the results for a specific date, number of contributions or amount. In the **Search** box, enter a date or number.

Example: Entering Apr will display all results for April of the current year while entering \$100 will display all contributions of \$100.

Example: Entering 100 will display all contributions of \$100 (do not enter the \$ symbol). If searching for values over \$999 add a comma.

Example: Entering 1,000 will display all contributions of \$1000 (entering 1000 will not produce any results).

HERE ARE YOUR FILTERED MESSAGES

You are searching on the date range 01 Jul 2021 to 30 Jun 2022. Message Types are ALL, Feedback Severity Types are ALL, Fund Names are ALL, SMSF Names are ALL, Employer Names are ALL, Employee Statuses are ALL, Employment Types are ALL.
You are grouping by Date Initiated
The results displayed below have been searched on date of response as well as on date initiated.

Showing 1 to 1 of 1 entries (filtered from 2 total entries)

Date Initiated	No. of Member Events	No. of Contributions	Super Guarantee \$	Personal Contribution \$	Salary Sacrifice \$	Other Amounts Total \$	Total Contribution \$	No. of Refunds	Refund Amount \$
08 Apr 2022	1	5	100.00				100.00 0

Close

Searching the detailed results

You can search the detailed results for a specific date, amount, member number, payroll number or name. In the **Search** box, enter a value or partial value.

Example: Entering 100 will display all contributions of \$100 (do not enter the \$ symbol). If searching for values over \$999 add the comma.

Example: Entering 1,000 will display all contributions of \$1000 (entering 1000 will not produce any results).

Setting a report as a default report

When to use

If there is a report, you use frequently you might wish to set it as your default rather than the 'Last 30 days' which is the standard default.

Instructions

Follow these steps to set a report as a default.

1. Click on the 'wheel' next to the report name.

Example: Selecting the wheel.

2. Select **Set as Default**.

Example: Selecting the default option

Result: The selected report becomes the default report, indicated by the tick.

Renaming a saved report

When to use

If you want to give your saved report a name that's meaningful to you rather than the standard name, it's easy to rename it. For example, you may prefer *Weekly Report* to *Last 7 Days*.

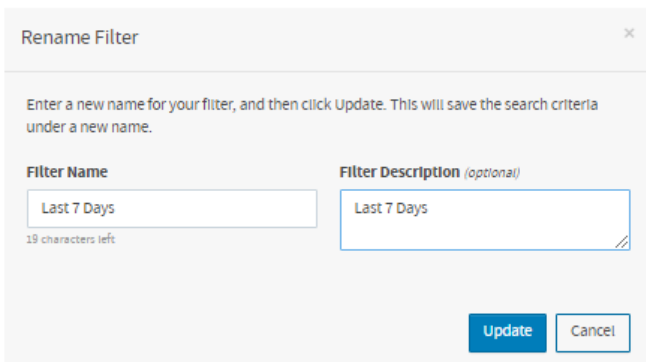

Instructions

1. Click on the 'wheel' next to the report name and select **Rename**.

Example: Selecting rename

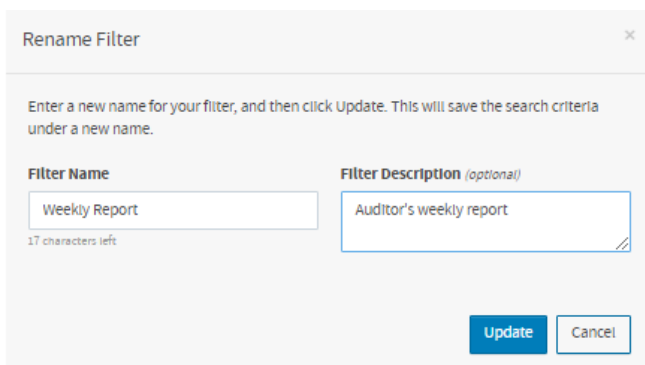

Result: The rename dialogue box displays.

A screenshot of the 'Rename Filter' dialog box. It contains the following text: 'Enter a new name for your filter, and then click Update. This will save the search criteria under a new name.' Below this are two input fields: 'Filter Name' (containing 'Last 7 Days' with '19 characters left' below it) and 'Filter Description (optional)' (containing 'Last 7 Days'). At the bottom right are 'Update' and 'Cancel' buttons.

2. Type in the Filter Name and a Filter Description.

Example: Changing to Weekly Report and Auditor's weekly report.

A screenshot of the 'Rename Filter' dialog box. It contains the following text: 'Enter a new name for your filter, and then click Update. This will save the search criteria under a new name.' Below this are two input fields: 'Filter Name' (containing 'Weekly Report' with '17 characters left' below it) and 'Filter Description (optional)' (containing 'Auditor's weekly report'). At the bottom right are 'Update' and 'Cancel' buttons.

3. Click **Update**.

Result: Changed name.

Downloading reports

ANZ EasyTransact reporting has a download feature to capture the submitted contribution files in their original state.

Date Initiated	No. of Member Events	No. of Contributions	Super Guarantee \$	Personal Contribution \$	Salary Sacrifice \$	Other Amounts Total \$	Total Contribution \$	No. of Refunds	Refund Amount \$
12 Jan 2022	13	13	3,691.09				3,771.09	0	
08 Apr 2022	1		100.00				100.00	0	

Downloading results

From the results section, select the line you wish to capture and click the **Download** icon.

Download formats

There are three download formats available in the reporting function, each providing some variation to the data which you may require at different times. All three are in .CSV format so they can be viewed and manipulated in text editor or Excel.

1. Select the format. The formats are:
 - SuperChoice Detail CSV Long Download
 - SuperChoice Detail with Responses CSV Download, and
 - SuperStream Alternative File Format.

2. Click **Download**.

SuperChoice Detail CSV Long Download

This format will probably be the standard download choice for most users and contains detail about the:

- employer
- member
- contribution amounts
- recipient funds, and
- any defined benefit information for the member.

Refer to the [Appendix](#) at the end of this guide for details of the 155 fields available in this format.

SuperChoice Detail with Responses CSV Download

This format is useful if you need to see and process responses from funds into your payroll system, particularly when you have new members for whom you may need to update or amend details to get them correctly established.

This download contains all the same fields as the SuperChoice Detail CSV Long Download but has additional fields at the end for any response values sent from recipient funds.

Refer to the [Appendix](#) at the end of this guide for details of the 163 fields available in this format.

SuperStream Alternative File Format

This is the ATO SuperStream Alternative File Format which is also a format that can be re-uploaded to the portal. It contains very similar data to the SuperChoice Detail CSV Long Download format.

Refer to the [Appendix](#) at the end of this guide for details of the 133 fields available in this format.

Useful filters to create

Introduction

Here are some useful standard filter combinations to meet common reporting requirements:

- Errors from funds
- New Member Number Advice
- SMSF Errors
- Year to date contributions for a member
- Year to date contributions for whole payroll
- New members
- Terminated members

Errors from funds

This filter shows members who have errors reported for them by the funds and what type of error has occurred.

- Date Filters –Set to the period you require
- Message Type - Contributions
- Feedback Sensitivity - Error
- Fund Name – you can leave this as All Selected (All Funds) or set it to a specific fund
- Group By – Default is “Date” but you could also use “Fund” to show errors for each fund or even “Payment Reference No.” if you want to check a specific submission
- Download Format – SuperChoice Detail with Responses CSV Download.

New Member Number Advice

This filter allows you to view members who have had a response from a super fund advising of a corrected member number. The values from this report should be entered into your payroll system before the next payroll run to ensure data is synchronised between payroll and the super fund and to prevent any payment delays.

- Date Filters –Set to the period you require
- Message Type - Members
- Feedback Sensitivity – Error, Warning and Info
- Fund Name – you can leave this as All Selected (All Funds) or set it to a specific fund
- Group By – Default is “Date” but you could also use “Fund” to show errors for each fund or even “Payment Reference No.” if you want to check a specific submission
- Download Format – SuperChoice Detail with Responses CSV Download.

When you download the report for this filter, the two key columns are:

- BS – This contains the member number (if any) you sent to the fund for the member
- EZ – This contains the member number provided in response by the fund.

SMSF Errors

This report is useful to check on any errors from SMSF administrators. The most common issue is the fund ABN not being known by the Electronic Service Address (ESA) provider for contribution purposes.

- Date Filters –Set to the period you require
- Message Type - Contributions
- Feedback Sensitivity - Error
- Fund Name – Move all funds from right hand column to left hand column to exclude them
- SMSF Name – Ensure all SMSFs are in the right-hand column
- Group By - Default is “Date” but you could also use “Fund” to show errors for each fund or even “Payment Reference No.” if you want to check a specific submission
- Download Format – SuperChoice Detail with Responses CSV Download.

Year to date contributions for a member or SMSF

This filter is useful for a quick snapshot of the year to date total of contributions for a member or a year to date report for an SMSF by removing the member name values and selecting a single fund from either the funds filter or the SMSF filter.

- Date Filters – Current financial year
- Message Type - Contributions
- Feedback Sensitivity – No Feedback, Warning and Info
- Fund Name – Ensure all funds are in the right-hand column

- SMSF Name – Ensure all SMSFs are in the right-hand column
- Member Surname – Enter the member’s surname
- Member Firstname – Enter the member’s first name
- Group By – To see a single line summary, remove all group filters. You may want to group by “Fund” if the member has contributions going to multiple funds.

Year to date contributions for whole payroll

Total contributions made for the financial year to date may be useful for reconciliation against payroll totals.

- Date Filters – Current financial year
- Message Type - Contributions
- Feedback Sensitivity – No Feedback, Warning and Info
- Fund Name – Ensure all funds are in the right-hand column
- SMSF Name – Ensure all SMSFs are in the right-hand column
- Group By – To see a single line summary, remove all group filters. You may also want to group by “Fund”.

New members

This filter gives you a list of new members created in the period you select.

- Date Filters – Current financial year
- Message Type - Members
- Feedback Sensitivity – No Feedback, Warning and Info
- Fund Name – Ensure all funds are in the right-hand column
- SMSF Name – Ensure all SMSFs are in the right-hand column
- Employee Status - Started
- Group By – To see a single line summary, remove all group filters. You may want to group by “Fund” to see new members for each recipient fund.

Terminated members

This filter gives you a list of terminated members created in the period you select.

Note: This requires members to have a valid value in the Employment End Date field.

- Date Filters – Current financial year
- Message Type - Members
- Feedback Sensitivity – No Feedback, Warning and Info
- Fund Name – Ensure all funds are in the right-hand column
- SMSF Name – Ensure all SMSFs are in the right-hand column
- Employee Status - Terminated
- Group By – To see a single line summary, remove all group filters. You may want to group by “Fund” to see new members for each recipient fund.

Payments reporting

The **Payments** reports function lets you produce reports on payments made by your business or organisation.

Accessing payments reporting

There are three ways to access payments in ANZ EasyTransact:

- Title banner drop-down
- Quicklinks toolbar
- The Payments option in the Reports menu.

The payment reporting screen

Filtering information

Select the filters you require for the information you'd like the search to produce.

Running reports

Click **Search**.

Report results are displayed.

Tip: Use the **Search** box to locate a specific result.

Batch No.	Employer	Amount \$	Payment Reference No.	Date	Payment Type	Status	Actions
2488254	TEST	2933.57	8254337298200011201	14 Jan 2022	Direct Credit	✓	
2488258	TEST	837.52	8258097298200011201	14 Jan 2022	Direct Credit	✓	

Viewing results

Each batch in the listed results has an expand button which you can click to reveal more information about the status of a batch. Categories are described in this table:

Batch category	Description
Employer Batch Submitted	File submitted to the Clearing House
Employer Payments Cleared	Payment from the employer to the Clearing House
SMSF Payment Sent	Payments from the Clearing House to SMSFs
APRA Fund Payment Sent	Payments from the Clearing House to APRA funds

Viewing results, continued

The status of a batch changes throughout the submission process. The key statuses are explained in this table.

Status	Description
	Fund Payment Failure: At least one of the super funds within the submitted file has rejected the contributions received. You can expand your payments to see which fund has failed or check the Reports screen for a message from the fund confirming the rejection. SMSFs may not send messages but can be identified in the Payments screen by expanding the SMSF field.
	Fund Payment Successful: All fund payments within the submitted file were successfully sent to the super funds.
	Processing: The submitted file is still undergoing processing—either between the employer and the Clearing House, or the Clearing House and the super funds.
	Payment Cancelled: The payment the employer has submitted for the file has been cancelled.

Member data download function

From the **Member Maintenance** function, you can download member data. You have the option to report on all member, employment, employer and fund data elements captured in ANZ EasyTransact or you can select/deselect data fields to refine the data in the CSV file.

1. From the Quicklinks toolbar select **Member Maintenance**.
2. Select the employer(s) whose members you want to report on and click **OK**.

Select employers: Employer matching exceptions: Member matching exceptions: Validation Issues: Review:

Select employer(s) to maintain

All selected

Back Next

3. Click **Next** to load the member data.
All member data for that employer(s) will be displayed.

Select employers: Employer matching exceptions: Member matching exceptions: Validation Issues: Review:

Here is all your data for the final check before submitting it:

Member Employment Employer Fund All

Show only: Rows with errors Rows with warnings Rows with changes Search:

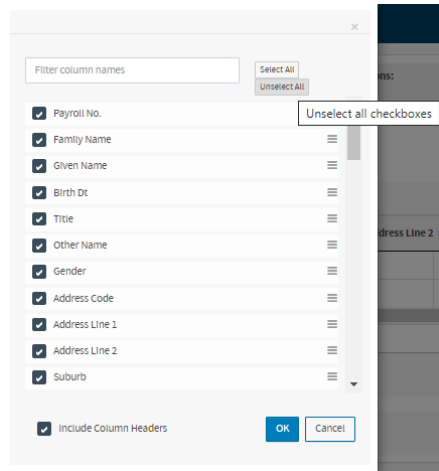

Action	Payroll No.	Family Name	Given Name	Birth Dt	Title	Other Name	Gender	Address Code	Address Line 1	Address Line 2	Suburb	Postcode	State	Country	E-mail

	AHMAD	...			1	RES	...			2102	NSW	AU	...

Showing 21 to 22 of 22 entries Show 10 entries Previous 1 2 3 Next

Back Add member Download Confirm and send

4. Download the data (the default is to include all columns):

- To download all data elements simply click on the **Download** button.
 - To include only certain data elements, you'll need to click on the **cog icon** on the **Download** button and deselect/select those elements you want to include. Click **OK**.
- Once your download preferences have been saved successfully click on the **Download** button.

5. Open and save the CSV Excel file.
